Wins Porter Cup by 3 strokes

Exposure to pros helped Burns

George Burns (left) became the first Porter Cup Champion to hail from the Empire State since John Konsek won in 1961

Reigning New York State Amateur Champion George Burns led from wire to wire in this year's amateur classic, beating Wake Forest junior Jay Haas by 3 strokes. It was the first time a Porter Cup Champion led from start to finish since Ward Wettlaufer achieved the feat in 1965.

Burns' final round 72 was his only over-par score of the week as he finished the tournament with a 4-under par total of 276. He credited his victory to playing with the pros in the Canadian Open the week before.

CHIP SHOT... First round co-leader Joey Dills sunburned face took on an extra shade of red prior to the tournament's second day when he learned he had been disqualified. It seems a friend of Dills mistakenly mailed his PGA Tour application to the Tournament Players Division a few days too early, meaning he was no longer considered an amateur.
